You have always wanted that DREAM garage? Or perhaps you are renting a dream garage somewhere and tired of paying the monthly fee? Or course, there is much more to this beautiful home than the 30 x 40 garage in the back. With a lot that is 1/3 of an acre, there is so much to do here. This custom-built bungalow has an excellent floor plan with an open living kitchen and dining area, and 3 bedrooms up. You are going to spend lots of time on the covered deck, (complete with screens for protection from the elements). The master has 2 closets, ensuite, and deck access. The walkout basement is fully developed and comes complete with an exercise area, 4th bedroom, full bath, and a cool home theatre. Outside there is so much to enjoy. As you exit the walkout, you pass by the hot tub. Then to the left is the pergola area with a built-in gas fireplace and BBQ. The pool area is so private, you will forget that you have neighbors. And of course, there is the 30 x 40 foot garage, which has so many possibilities. The garage has two access doors, one into the paved part of the backyard, and another that goes into the alley space. There is plenty of parking behind the garage as well, with lots of room for a trailer or an RV. Lots and garages like this are difficult to find. Call your favorite REALTOR® and book a showing today.
